## PROSPECTUS SUMMARY

The following summary highlights information contained or incorporated by reference elsewhere in this prospectus and does not contain all of the information that you should consider in making your investment decision. Before investing in our Class A common stock, you should carefully read this entire prospectus, including our financial statements and the related notes and other documents incorporated by reference into this prospectus, as well as the information under the caption "Risk Factors" herein and under similar headings in the other documents that are incorporated by reference into this prospectus.

Except as otherwise indicated herein or as the context otherwise requires, references in this prospectus to "Guild," the "company," "we," "us" and "our" refer to Guild Holdings Company, together with our subsidiary, Guild Mortgage Company LLC.

#### **Company Overview**

We are a growth-oriented mortgage company that employs a relationship-based loan sourcing strategy to execute on our mission of delivering the promise of home ownership in neighborhoods and communities across the United States. Our business model is centered on providing a personalized mortgage-borrowing experience that is delivered by our knowledgeable loan officers and supported by our diverse product offerings. Throughout these individualized interactions, we work to earn our clients' trust and confidence as a financial partner that can help them find their way through life's changes and build for the future.

Guild was established in 1960, and we are among the longest-operating seller-servicers in the United States. Over the course of our operating history, we have navigated numerous economic cycles and market dislocations. We have developed end-to-end technology systems, a reputable brand, industry expertise and many durable relationships with our clients and members of our referral network.

Our business model benefits from the complementary relationship between our origination and servicing segments which, together, have propelled our performance through interest rate and market cycles.

## **Our Business Model**

Our origination strategy focuses on increasing purchase-mortgage business and providing a superior personalized mortgage-borrowing experience that encourages our clients to return to us. This strategy allows us to generate consistent origination volume (calculated as the total dollar volume of loans originated) through differing market environments, contributes to our servicing segment and facilitates business from repeat clients.

Our in-house servicing platform creates opportunities to extend our relationship with clients and generate refinance and purchase volume that replenishes run-off from our servicing portfolio. In coordination with our portfolio recapture team, our loan officers handle recapture activity for their existing client base directly, rather than outsourcing that function through a call center. This approach creates a continuous client relationship that we believe encourages repeat business. In addition, our scalable servicing platform provides a recurring stream of revenue that is complementary to our origination business.

#### **Summary of Risk Factors**

You should consider carefully the risks and uncertainties described in the section entitled "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2020 and our Quarterly Report on Form 10-Q for the quarter ended September 30, 2021, which are incorporated by reference into this prospectus. #### Acquisition of Residential Mortgage Services Holdings, Inc.

#### Merger Agreement

On July 1, 2021, we completed our acquisition of RMS, pursuant to a merger agreement (the "Merger Agreement"), dated as of May 10, 2021, by and among GMC, RMS, Project Regal Merger Sub, Inc., and RMS Shareholder Representative, LLC. RMS is an independent retail mortgage lender focused in the Northeast. This strategic acquisition expanded Guild's presence in this region and added experienced loan officers to Guild's sales force.

Total consideration for the acquisition was approximately \$265.0 million. The acquisition was financed with a combination of \$185.8 million in cash and the issuance of 996,644 shares of the Company's Class A common stock to certain RMS shareholders (the "RMS Shareholders"). Additionally, the RMS Shareholders are entitled to contingent consideration based on net income from RMS branch locations for three years following June 1, 2021. These contingent consideration payments will be calculated and paid based on rolling 12-month periods commencing as of June 1, 2021 and ending on the first anniversary of such date, and thereafter on consecutive 12-month periods.

The shares of Class A common stock issued to the RMS Shareholders were not initially registered under the Securities Act of 1933, as amended (the "Securities Act") or any state securities laws. We have relied on the exemption from the registration requirements of the Securities Act by virtue of Section 4(a)(2) thereof.

#### Registration Rights Agreement

Concurrently with the execution of the Merger Agreement, on May 10, 2021, we entered into a registration rights agreement (the "Registration Rights Agreement") with the RMS Shareholders, pursuant to which we

agreed to (i) file one or more registration statements, as permissible and necessary to register under the Securities Act, the resale of the shares of our Class A common stock that have been issued to the RMS Shareholders pursuant to the Merger Agreement, (ii) use our commercially reasonable best efforts to have all such registration statements declared effective within the timeframes set forth in the Registration Rights Agreement, and (iii) use our commercially reasonable efforts to cause such registration statement to remain effective during the timeframes set forth in the Registration Rights Agreement.

In the event that such registration statements are not filed or declared effective within the timeframes set forth in the Registration Rights Agreement or if after the date the registration statement is declared effective by the SEC, the registration statement ceases for any reason to remain effective or the applicable stockholders are otherwise not permitted to utilize the prospectus therein to resell the registrable shares covered thereby, we would be required to pay liquidated damages equal to twelve percent (12%) per annum of the registrable shares, payable monthly, until such time as such registration statement is filed or declared effective or is again available for use by the applicable stockholders, as applicable, or when the registrable shares covered by such registration statement cease to be registrable shares.

The registration statement to which this prospectus relates is in connection with the offer and resale of the shares of our Class A common stock which were received by the RMS Shareholders as consideration in the acquisition. When we refer to the selling stockholders in this prospectus, we are referring to the RMS Shareholders named in this prospectus as the selling stockholders and, as applicable, any pledgees, donees, permitted transferees, assignees or other successors-in-interest selling the shares of Class A common stock received after the date of this prospectus from the selling stockholders as pledge, gift or other non-sale related transfer.

Investing in our Class A common stock involves a high degree of risk. You should consider carefully the risks and uncertainties described in the section entitled "Risk Factors" contained in our Annual Report on Form 10-K for the year ended December 31, 2020, as filed with the SEC on March 24, 2021, and in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2021, as filed with the SEC on November 12, 2021, as well as any amendment or updates to our risk factors reflected in subsequent filings with the SEC, which descriptions are incorporated into this prospectus by reference in their entirety, as well as in any prospectus supplement hereto. Additional risks and uncertainties not currently known to us, or that we currently view as immaterial, may also impair our business. If any of the risks or uncertainties described in our SEC filings or any additional risks and uncertainties actually occur, our business, financial condition, results of operations and cash flow could be materially and adversely affected. In that case, the trading price of our Class A common stock could decline and you might lose all or part of your investment.

## CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the information incorporated by reference contains forward-looking statements. These forward-looking statements reflect our current views with respect to, among other things, future events and our financial performance. These statements are often, but not always, made through the use of words or phrases such as "may," "should," "could," "predict," "potential," "believe," "will likely result," "expect," "continue," "will," "anticipate," "seek," "estimate," "intend," "plan," "projection," "would" and "outlook," or the negative version of those words or other comparable words or phrases of a future or forward-looking nature. These forward-looking statements are not historical facts and are based on current expectations, estimates and projections about our industry, management's beliefs and certain assumptions made by management, many of which, by their nature, are inherently uncertain and beyond our control. Accordingly, we caution you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions and uncertainties that are difficult to predict. Although we believe that the expectations reflected in these forward-looking statements are reasonable as of the date made, actual results may prove to be materially different from the results expressed or implied by the forward-looking statements.

There are or will be important factors that could cause our actual results to differ materially from those indicated in these forward-looking statements, including, but not limited to, those factors described under "Risk Factors" and "Prospectus Summary — Summary of Risk Factors" included elsewhere in this prospectus.

The foregoing factors should not be construed as exhaustive and should be read together with the other cautionary statements included in this prospectus and in the information incorporated by reference. If one or more events related to these or other risks or uncertainties materialize, or if our underlying assumptions prove to be incorrect, actual results may differ materially from what we anticipate. Many of the important factors that will determine these results are beyond our ability to control or predict. Accordingly, you should not place undue reliance on any such forward-looking statements. Any forward-looking statement speaks only as of the date on which it is made, and, except as otherwise required by law, we do not undertake any obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise. New factors emerge from time, and it is not possible for us to predict which will arise. In addition, we cannot assess the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

## **DIVIDEND POLICY**

We currently intend to retain all available funds and future earnings, if any, to support our operations and finance the growth and development of our business and we do not anticipate paying any regular cash dividends in the foreseeable future. On May 6, 2021, our board of directors declared a special cash dividend of \$1.00 per share for holders of record of our Class A and Class B common stock on May 21, 2021, which was paid on May 28, 2021. On November 4, 2021, our board of directors declared a special cash dividend of \$1.00 per share for holders of record of directors declared a special cash dividend of \$1.00 per share for holders of record of our Class A and Class B common stock on November 22, 2021, which was paid on December 8, 2021. We have not otherwise declared or paid cash dividends on our capital stock. Any future determination to declare and pay cash dividends, if any, will be made at the discretion of our board of directors and will depend on a variety of factors, including applicable laws, our financial condition, results of operations, contractual restrictions, capital requirements, business prospects, general business or financial market conditions, and other factors our board of directors may deem relevant. As a Delaware corporation, we are subject to certain restrictions on dividends under the Delaware General Corporation Law. Generally, a Delaware corporation may only pay dividends either out of "surplus" or out of the current or the immediately preceding year's net profits. Surplus is defined as the excess, if any, at any given time, of the total assets of a corporation over its total liabilities and statutory capital. The value of a corporation's assets can be measured in a number of ways and may not necessarily equal their book value.

We are a holding company and have no material assets other than our ownership of equity interests in GMC, which is our wholly owned subsidiary. Our ability to pay cash dividends will depend on our receipt of distributions from our current or future operating subsidiaries and such distributions may be restricted as a result of regulatory restrictions or contractual agreements, including agreements governing our indebtedness. See "Risk Factors — Risks Related to Our Organization and Structure — We are a holding company and depend upon distributions from GMC to meet our obligations" in our Annual Report on Form 10-K for the year ended December 31, 2020 and our Quarterly Report onForm 10-Q for the quarter ended September 30, 2021, which are incorporated herein by reference. In addition, any future debt financing arrangement will likely contain terms restricting or limiting the amount of dividends that may be declared or paid on our common stock.

Investors should not purchase our Class A common stock with the expectation of receiving cash dividends.

## **USE OF PROCEEDS**

We are filing the registration statement of which this prospectus forms a part to permit the holders of the shares of our Class A common stock described in the section entitled "Selling Stockholders" to resell such shares. We are not selling any securities under this prospectus, and we will not receive any proceeds from the sale or other disposition of shares of our Class A common stock held by the selling stockholders.

The selling stockholders will pay any underwriting discounts and commissions and expenses incurred by the selling stockholders for brokerage, accounting, tax or legal services or any other expenses incurred by the selling stockholders in disposing of these shares of our Class A common stock. We will bear all other costs, fees and expenses incurred in effecting the registration of the shares of our Class A common stock covered by this prospectus, including, without limitation, all registration and filing fees, New York Stock Exchange listing fees and expenses of our counsel and our accountants.

## SELLING STOCKHOLDERS

The selling stockholders may offer and sell any or all of the shares of our Class A common stock set forth below pursuant to this prospectus. When we refer to the "selling stockholders" in this prospectus, we mean the persons listed in the table below, and their respective pledgees, donees, permitted transferees, assignees, successors and others who later come to hold any of the selling stockholders' interests in shares of our Class A common stock other than through a public sale.

The following table sets forth, as of the date of this prospectus, the name of the selling stockholders for whom we are registering shares for sale to the public, the number of shares of Class A common stock beneficially owned by the selling stockholders prior to this offering, the total number of shares of Class A common stock that the selling stockholders may offer pursuant to this prospectus and the number of shares of Class A common stock that the selling stockholders will beneficially own after this offering, as well as the percentages of beneficial ownership of our Class A common stock and combined voting power of our outstanding common stock held by the selling stockholders prior to and after this offering.

As discussed in greater detail above under the section titled "Prospectus Summary — Acquisition of Residential Mortgage Services Holdings, Inc." in May 2021, we entered into the Merger Agreement pursuant to which we sold and issued shares of our Class A common stock and also entered into the Registration Rights Agreement with the selling stockholders pursuant to which we agreed to file a registration statement with the SEC to cover the resale of the shares of our Class A common stock pursuant to the Merger Agreement by the selling stockholders. The selling stockholders are currently employees at Guild, following the acquisition of RMS. Except as noted above, each of the selling stockholders are not or was not affiliated with registered broker-dealers.

The number of shares beneficially owned by each stockholder is determined under rules of the SEC and includes voting or investment power with respect to securities. Under these rules, beneficial ownership includes any shares as to which the individual or entity has sole or shared voting power or investment power. In computing the number of shares beneficially owned by an individual or entity and the percentage ownership of that person, shares of common stock subject to options, warrants or other rights held by such person that are currently exercisable or will become exercisable within 60 days are considered outstanding, although these shares are not considered outstanding for purposes of computing the percentage ownership of any other person.

Unless otherwise indicated, the address of all listed stockholders is c/o Guild Holdings Company, 5887 Copley Drive, San Diego, California 92111. Each of the stockholders listed has sole voting and investment power with respect to the shares beneficially owned by the stockholder unless noted otherwise, subject to community property laws where applicable.

Based on the information provided to us by the selling stockholders, assuming that the selling stockholders sell all of the shares of our Class A common stock beneficially owned by them that have been registered by us and do not acquire any additional shares during the offering, the selling stockholders will not own any shares, as reflected in the column entitled "Beneficial Ownership After This Offering." We cannot advise you as to whether the selling stockholders will in fact sell any or all of such shares of Class A common stock. In addition, the selling stockholders may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time, the shares of our Class A common stock in transactions exempt from the registration requirements of the Securities Act after December 21, 2021, the date on which they provided the information set forth in the table below.

We have agreed to indemnify the selling stockholders against certain liabilities, including liabilities under the Securities Act, or, if such indemnity is unavailable, to contribute amounts required to be paid in respect of such liabilities, in each case in accordance with the Registration Rights Agreement. At the time a particular offer of shares is made, a prospectus supplement, if required, will be distributed that will set forth the shares of our Class A common stock to be sold, the names of the selling stockholders, the respective purchase prices and public offering prices, the names of any agents, underwriters, or dealers and any compensation from the selling stockholders, and any other required information. Regulation M also prohibits any bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security. All of the foregoing may affect the marketability of the shares offered by this prospectus.

We may suspend the sale of shares by the selling stockholders pursuant to this prospectus for certain periods of time for certain reasons, including if the prospectus is required to be supplemented or amended to include additional material information.

We have agreed with the selling stockholders to use commercially reasonable efforts to cause the registration statement to which this prospectus relates to become effective and to remain continuously effective until the earlier of such time as all of the shares covered by this prospectus have been sold or disposed of (1) pursuant to and in accordance with such effective registration statement or (2) pursuant to Rule 144 under the Securities Act (or any successor or similar provision adopted by the SEC then in effect) under circumstances in which all of the applicable conditions of Rule 144 (as then in effect) are met.
